The screenshot shows the 'Device History' page in the Plutus interface. It includes a sidebar with navigation options like Dashboard, Tickets, Computers, Expansions, Devices, and Device History (which is selected). The main content area has a header with 'Device History' and a sub-header 'Plutus Device History (0332dbb7-a39c-4600-b5e5-3c271f75c6fc)'. Below this is a filter section with 'All Devices' and a 'Filter' button. The main table lists device events with columns for 'Device ID', 'Ticket ID', 'Computer ID', 'Status', 'Event Type', 'Event Date', 'Event Time', 'Event Location', 'Event Description', and 'Event Action'. The table contains 10 rows of data, all with a status of 'Completed' and an event type of 'Device History'.
